DOWNTOWN  
BROOKLYN  
PARTNERSHIP

November 8, 2011

Ms. Celina Lynch  
On behalf of the Board of FUREE  
81 Willoughby Street, #701  
Brooklyn, NY 11201

Dear Ms. Lynch,

Michael Burke forwarded your letter to us the other day. Thank you for reaching out to us as we go through the process of selecting a new President for the Downtown Brooklyn Partnership.

We have been at this process for some time as we knew that the former President would be leaving. Our Executive Committee has served the role of leading the selection process.

We have had a very gratifying response to the position posting and are well along in the process. As you know in these searches, the critical step is attracting the best possible list of candidates. We would welcome any suggestions and recommendations in that regard. As we noted, the process is moving rapidly so any ideas should be sent to either of us as soon as possible.

Again, thanks so much for your interest and we hope you add to what is already a very robust list of candidates.

Sincerely,

Alan H. Fishman  
Co-Chairman
